Dear members of Harvard Clubs and the Friends of Harvard,

Greetings from Harvard Club of Asia.

It is my privilege to welcome you to the 4th Harvard Asia Conference to be held in Mumbai. The conference is entitled "Interface Asia" and it is being held at **Renaissance Hotel & Convention Centre, Mumbai** from 27th-28th October 2006.

The idea underlying this conference is very simple that if the prestigious Harvard University has to retain its global leadership, it must reach out the globe. India/Asia can learn a lot from Harvard and likewise, Harvard can learn a lot from India & Asia. It was in this spirit that the last Harvard Asia conference was held in Manila, Philippines in the year 2004, in Shanghai, China in the year 2002 and in London, U.K. in the year 2000.

Here are a few words about association of Harvard University Alumni Clubs of Asia (AHUACA). AHUACA was established in 1997 to promote the cause of quality education & leadership in best global ideas that Harvard signifies and also to encourage interaction among its alumni in Asia. At the moment, AHUACA consists of 34 Harvard Clubs of Asia of 14 countries representing a population of over 3 billion people.

This year, an extremely successful Harvard Global Conference has already been organised in India at New Delhi by Harvard Alumni Association on 25-26th March, 2006 which was inaugurated by the Prime Minister of India. This second international conference again being held in India is being organized under the banner of "Interface Asia" on the theme "21st Century-Asian Century". It will cover all the major drivers of emerging global economy namely politics, business, culture, legal systems even popular media like cinema.

As we all know that China & India are going to be the greatest future economies of the world and it is where the action is. So come to India to enjoy the warm hospitality of its people, the stimulating interactive sessions of the conference, mutually beneficial networking and paradoxically rich diversity of India. In the March conference this year at New Delhi, more than 500 participants from 24 countries of the world participated. In forthcoming conference, we expect even a greater participation as the leading event management company **Tefla's**, which is known for its high benchmark of excellence in organizing events, is our Event Partner.

Though the Event is open for those persons who attended the prestigious Harvard University of USA, yet certain very special invitees who are interested in promoting the cause of excellence in higher education are also being invited. We are proud to say that you are one of those chosen ones and we call you as the "Friends of Harvard".

In addition to an exciting Business Programme, we have a marvelous Social Agenda. We are expecting an excellent panel of Speakers and we look forward to stimulating debate of the key issues facing our Globe. AHUACA Conferences are always well attended and so provide the ideal opportunity to meet old friends and make new contacts.

Please contact the **Interface Asia Secretariat** for Request of Brochure, Hotel Booking & other Queries.

Mumbai is a spectacular city and October is a perfect time to visit. We are expecting a large attendance, so please be sure to book your place early.

I look forward to welcoming you all to Mumbai.

With kindest regards,

Yours Sincerely,

Dr. Surat Singh
